

TABLE OF CONTENTS

Infectious Diseases in Ambulatory Care I . . . 1

Infectious Diseases in Ambulatory Care I Panel	3
--	---

Genitourinary Infections

By Spencer H. Durham, Pharm.D., BCPS, BCIDP

Introduction	7
Classification of Genitourinary Infections	7
Pharmacologic Therapies Used in the Treatment of UTIs	11
Clinical Practice Guidelines	13
Prostatitis Treatment Recommendations	18
Recommendations for Special Populations	18
Treatment of Recurrent UTIs	18
Conclusion	19
References	20
Self-Assessment Questions	22

Sexually Transmitted Infections

By Sarah E. Pérez, Pharm.D., BCACP, AAHIVP

Introduction	27
STI Risk Assessment and Prevention	27
Common Diseases Characterized by Genital, Anal, or Perianal Ulcers	29
Diseases Characterized by Urethritis and Cervicitis	36
Diseases Characterized by Vaginal Discharge	39
Human Papillomavirus	40
Pelvic Inflammatory Disease	41
Conclusion	43
References	43
Self-Assessment Questions	45

Infectious Diseases in Ambulatory Care II 49

Infectious Diseases in Ambulatory Care II Panel	51
---	----

HIV Pharmacotherapy for Adults

By Amber F. Ladak, Pharm.D., MPH, BCACP, AAHIVP

Introduction	55
Initial Assessments	56
Treatment	61
Factors Affecting Treatment	64
Monitoring Treatment	72
Opportunistic Infections	72
Conclusion	73
References	73
Self-Assessment Questions	75

PrEP and PEP Pharmacotherapy for HIV

By David Cluck, Pharm.D., BCPS, BCIDP, AAHIVP

Introduction	79
Epidemiology of PrEP Uptake in the United States	79
Review of PrEP Clinical Data for Various Populations	81
Agents With FDA Approval for Use as PrEP	81
Laboratory Values to Ensure Clinical Eligibility for PrEP	85
Oral PrEP Dosing Strategies	85
PrEP in Special Populations	86
PrEP Persistence, Maintenance, and Discontinuation	86
Antiretroviral Resistance After PrEP Failure	87
Role of the Pharmacist in PrEP	87
Novel and Emerging Therapies for PrEP	88
Principles of HIV PEP	89
Role of the Pharmacist in HIV PEP	90
References	91
Self-Assessment Questions	94

Infectious Diseases in Ambulatory Care III 97

Infectious Diseases in Ambulatory Care III Panel	99
--	----

Outpatient Parenteral and Complex Antimicrobial Therapy

By Ryan P. Mynatt, Pharm.D., BCPS

Introduction	103
Concepts in Outpatient Parenteral Antimicrobial Therapy	104
Antimicrobial Stewardship Opportunities, Program Evaluation and Quality Metrics	111
Shifting from Parenteral to Complex Oral Antimicrobial Therapy	114
Conclusion	115
References	116
Self-Assessment Questions	119

Antimicrobial Stewardship in Ambulatory Care

By Christina G. Rivera, Pharm.D., BCPS, AAHIVP

Introduction	125
The Joint Commission (TJC) Standard MM.09.01.03	126
Ambulatory Antimicrobial Stewardship Targets in Adults	133
Antimicrobial Stewardship Considerations for Pediatrics	135
Antimicrobial Stewardship in Outpatient Parenteral Therapy	136
Antimicrobial Stewardship in Community Pharmacy	138
Conclusion	140
References	140
Self-Assessment Questions	144

Infectious Diseases in Ambulatory Care IV 149
 Infectious Diseases in Ambulatory Care IV Panel151

Interactive Case: Infectious Diseases due to Immunosuppressive Therapies
By Lisa Avery, Pharm.D., FCCP, BCPS, BCIDP; and Julia Kufel, Pharm.D., BCIDP

Interactive Case: Infectious Diseases due to Immunosuppressive Therapies 156
 References 156
 Self-Assessment Questions 158

Interactive Case: Antimicrobial Pharmacokinetic and Pharmacodynamic Considerations
By Wesley D. Kufel, Pharm.D., BCIDP, BCPS, AAHIVP

Interactive Case: Pharmacokinetics and Pharmacodynamic Considerations for Ambulatory Care 162
 References 162
 Self-Assessment Questions 165

Interactive Case: Acute Bacterial Skin and Skin Structure Infections
By Jamie L. Wagner, Pharm.D., BCPS; and Tiffany Lee, Pharm.D., BCIDP

Interactive Case: Acute Bacterial Skin and Skin Structure Infections..... 172
 References 172
 Self-Assessment Questions174
